Women in the Outdoors

An annual event at Squaw Creek National Wildlife Refuge in Mound City, Missouri that provides women of all ages the opportunity to learn about some of the activities that can be enjoyed outdoors while experiencing the beauty of nature – even those activities they’ve not had the chance to try on their own. In fact, no experience or knowledge is required and there are activities to suit everyone’s interests. Maybe you’ve never shot a gun, learned to fish, done crafts using nature as an inspiration, or just experienced nature. It doesn’t matter! This event is fun, laid-back, and non-competitive. Get away from those typical Saturday errands and stretch your ambitions. Invite your family and friends to experience the beautiful surroundings at Squaw Creek National Wildlife Refuge while attending this comfortable day-camp style event.
