Dear Robinson Parent or Guardian,

In the interest of creating a positive and safe learning environment at Robinson, I want to share information with you about a schoolmate of your child's. This information is being shared with parent permission.

A birth-assigned gender male student who has been known as Adam at Robinson has returned to school as a female with the new, preferred name of Jasmine. School personnel have been instructed to refer to Jasmine by her new name, and Jasmine's teacher will introduce her to other students by her new name.

Teachers will encourage students to continue to be respectful of all students in their classes and to treat others as they would like be treated; according them the same respect they wish for themselves.

If you have questions or would like to talk more with me, please call school at 816.268.7260.

Sincerely,

Mrs. Elizabeth Arbisi, Principal
